

The East Vancouver Community Music School Presents:

Equal measure

*Welcome to Equal Measure:
Celebrating Music Composed by
Women and Under Represented Groups*

Sunday February 25, 2024

4:30 PM
Student Recital 1

The accepted traditional canon of pieces that all classically trained musicians learn was formed in societies that were sexist and racist, and by sticking to and preserving this canon without exploring the possibility that there is music worth learning by composers who were women or from visible minorities we are doing a disservice to our students.

It benefits all students to be able to learn music from a diversity of composers.

We extend a big thank you to our collaborative pianist Andrew Yang.

With this festival we are highlighting
composers who deserve to be heard!
